(a) The Contractor shall test 10 unit(s) of Lot/Item 0001AA as specified in this contract. At least 45 calendar days before the beginning of first article tests, the Contractor shall notify the Contracting Officer, in writing, of the time and location of the testing so that the Government may witness the tests.

(b) The Contractor shall submit the first article test report within 90 calendar days prior to First Article Testing to AMSEL-LC-COM-C-SS (John Santamaria) marked 'FIRST ARTICLE TEST REPORT: Contract No. _____, Lot/Item No._____. ' Within 45 calendar days after the Government receives the test report, the Contracting Officer shall notify the Contractor, in writing, of the conditional approval, approval, or disapproval of the first article. The notice of conditional approval or approval shall not relieve the Contractor from complying with all requirements of the specifications and all other terms and conditions of this contract. A notice of conditional approval shall state any further action required of the Contractor. A notice of disapproval shall cite reasons for the disapproval.

(c) If the first article is disapproved, the Contractor, upon Government request, shall repeat any or all first article tests. After each request for additional tests, the Contractor shall make any necessary changes, modifications, or repairs to the first article or select another first article for testing. All costs related to these tests are to be borne by the Contractor, including any and all costs for additional tests following a disapproval. The Contractor shall then conduct the tests and deliver another report to the Government under the terms and conditions and within the time specified by the Government. The Government shall take action on this report within the time specified in paragraph (b) above. The Government reserves the right to require an equitable adjustment of the contract price for any extension of the delivery schedule, or for any additional costs to the Government related to these tests.

(d) If the Contractor fails to deliver any first article report on time, or the Contracting Officer disapproves any first article, the Contractor shall be deemed to have failed to make delivery within the meaning of the Default clause of this contract.

(e) Unless otherwise provided in the contract, and if the approved first article is not consumed or destroyed in testing, the Contractor may deliver the approved first article as part of the contract quantity if it meets all contract requirements for acceptance.

(f) If the Government does not act within the time specified in paragraph (b) or (c) above, the Contracting Officer shall, upon timely written request from the Contractor, equitably adjust under the Changes clause of this contract the delivery or performance dates and/or the contract price, and any other contractual term affected by the delay.

(g) Before first article approval, the acquisition of materials or components for, or the commencement of production of, the balance of the contract quantity is at the sole risk of the Contractor. Before first article approval, the costs thereof shall not be allocable to the contract for (1) progress payments, or (2) termination settlements if the contract is terminated for convenience of the Government.

(h) The Government may waive the requirement for first article approval test where supplies identical or similar to those called for in the schedule have been previously furnished by the offeror/contractor and have been accepted by the Government. The offeror/contractor may request a waiver.

written notice (a copy of which shall be provided to the Contractor) which shall refer to this subparagraph and shall be issued to the designated representative before the SAR exercises such authority.

(b) Notice. The primary purpose of this clause is to obtain prompt reporting of Government conduct that the Contractor considers to constitute a change to this contract. Except for changes identified as such in writing and signed by the Contracting Officer, the Contractor shall notify the Administrative Contracting Officer in writing promptly, within ____ calendar days (to be negotiated) from the date that the Contractor identifies any Government conduct (including actions, inactions, and written or oral communications) that the Contractor regards as a change to the contract terms and conditions. On the basis of the most accurate information available to the Contractor, the notice shall state-

- (1) The date, nature, and circumstances of the conduct regarded as a change;
- (2) The name, function, and activity of each Government individual and Contractor official or employee involved in or knowledgeable about such conduct;
- (3) The identification of any documents and the substance of any oral communication involved in such conduct;
- (4) In the instance of alleged acceleration of scheduled performance or delivery, the basis upon which it arose;

 - (iii) To the extent practicable, what delay and disruption in the manner and sequence of performance and effect on continued performance have been or may be caused by the alleged change;
 - (iv) What adjustments to contract price, delivery schedule, and other provisions affected by the alleged change are estimated; and
- (6) The Contractor's estimate of the time by which the Government must respond to the Contractor's notice to minimize cost, delay or disruption of performance.

(c) Continued performance. Following submission of the notice required by (b) above, the Contractor shall diligently continue performance of this contract to the maximum extent possible in accordance with its terms and conditions as construed by the Contractor, unless the notice reports a direction of the Contracting Officer or a communication from a SAR of the Contracting Officer, in either of which events the Contractor shall continue performance; provided, however, that if the Contractor regards the direction or communication as a change as described in (b) above, notice shall be given in the manner provided. All directions, communications, interpretations, orders and similar actions of the SAR shall be reduced to writing promptly and copies furnished to the Contractor and to the Contracting Officer. The Contracting Officer shall promptly countermand any action which exceeds the authority of the SAR.

(d) Government response. The Contracting Officer shall promptly, within ____ calendar days (to be negotiated) of receipt of notice, respond to the notice in writing. In responding, The Contracting Officer shall either-

- (1) Confirm that the conduct of which the Contractor gave notice constitutes a change and when necessary direct the mode of further performance;
- (2) Countermand any communication regarded as a change;
- (3) Deny that the conduct of which the Contractor gave notice constitutes a change and when necessary, direct the mode of further performance; or
- (4) In the event the Contractor's notice information is inadequate to make a decision under (1), (2), or (3) above, advise the Contractor what additional information is required, and establish the date by which it should be furnished and the date thereafter by which the Government will respond.

(e) Equitable adjustment. (1) If the Contracting Officer confirms that Government conduct affected a change as alleged by the Contractor, and the conduct causes an increase or decrease in the Contractor's cost of, or the time required for, performance of any part of the work under this contract, whether changed or not changed by such conduct, an equitable adjustment shall be made-

- (i) In the contract price or delivery schedule or both; and
- (ii) In such other provisions of the contract as may be affected.

(2) The contract shall be modified in writing accordingly. In the case of drawings, designs or specifications which are defective and for which the Government is responsible, the equitable adjustment shall include the cost and time extension for delay reasonably incurred by the Contractor in attempting to comply with defective drawings, designs or specifications before the Contractor identified, or reasonably should have identified, such a defect. When the cost of property made obsolete or excess as a result of a change confirmed by the Contracting Officer under this clause is included in the equitable adjustment, the Contracting Officer shall have the right to prescribe the manner of disposition of the property. The equitable adjustment shall not include increased costs or time extensions for delay resulting from the Contractor's failure to provide notice or to continue performance as provided, respectively, in (b) and (c) above.

auction. The web address to gain access to the auction will also be provided along with the contractor's username and password. Point of Contact for this requirement is Contract Specialist Ronald Bakay, and can be reached at 732-532-2557 or via email ronald.bakay@mail1.monmouth.army.mil. The bidders agree to meet each requirement specified and only offer items that meet or exceed these requirements.

2. By participating in this Reverse Auction you grant the government the right to disclose your price, however, your name will be kept anonymous. The Contracting Officer also reserves the right to suspend or cancel the Reverse Auction at any time. If the Contracting Officer cancels the Reverse Auction, the solicitation may be processed following normal sealed bid procedures.

3. It is anticipated that a Firm-Fixed Price contract will be executed for this requirement. Bidders must propose price in accordance with (IAW) the spreadsheet found in attachment 5. The spreadsheet in attachment 5 contains all the necessary formulas for determining bid price. The contractor needs only to input prices in the yellow fields. Using the pre-existing formulas in the spreadsheet the final price will automatically be calculated. The rules for bidding IAW the spreadsheet are as follows: The Government will evaluate offers for award purposes by adding the total of all CLIN/SLIN line items as set forth below. The Government may elect not to award to a bidder whose prices are materially unbalanced. A bid is materially unbalanced when it is based on prices significantly overstated for some work and significantly understated for other work. For line items which require range quantity pricing, the total evaluated price will be calculated by computing a weighted average price and multiplying the weighted average by the maximum quantity that can be ordered under each applicable CLIN/SLIN (as specified in the solicitation). A weighted average price will be calculated as follows: (1) Each range price will be multiplied by the maximum quantity in each range for all years. (2) The extended amounts will be summed and divided by the sum of the maximum quantity in each range for all years. The result will be the weighted average unit price. (3) The weighted average unit price will be multiplied by the maximum CLIN/SLIN quantity of 5,000 each for evaluation purposes only. This price added to the price of SLINS 0006AA, 0007AA, 0007AB, and 0007AC will be the total evaluated price. Once the Reverse Auction is complete, the winning contractor shall submit a signed copy of their final bid prices and completed spreadsheet to the point of contact above. Bidders/Offerors have 24 hours from the time the Reverse Auction ends to submit a complete breakout of SLIN prices.

CAUTION: Unbalanced bids will cause Bidders/Offerors to be eliminated/found non-responsive (See FAR 14.404-2(g),14.405)

4. The governments starting price for this auction will be at a total net price of \$1,115,576.00. Bids will be submitted in minimum decrements of \$1.00. Prices will be submitted in whole dollars only. The total price(s) derived from the spreadsheet will be the total price(s) transmitted in the auction tool. Original time period for Reverse Auction will be 30 minutes. If a bid is submitted within the last four minutes, as indicated by the web site server clock, of the time period specified for the Reverse Auction stop time, the time period shall be extended for an additional ten minute period beyond the time of the original stop time. An offer during the Reverse Auction must differ from the market, leading offer by at least the decrement identified on the auction detail page. If no bids are submitted within the extension period the Reverse Auction will close i.e., within the last four minutes of the original scheduled stop time. Further, if an extension period is generated and an offer is submitted within the last four minutes within the extension period another ten-minute extension period will be generated. There will be a limit of twelve extensions during the Reverse Auction. NOTE: The auction will close when either no bids are submitted in the last four minutes of any extension, or at the end of the twelfth extension period. When apparent low bidders prices are received, they must add up to the total evaluated reverse auction price to be considered valid.

5. By participating in the Reverse Auction, contractors certify they will not knowingly disclose their price to any other bidder except anonymously during the reverse auction. The contractors further certify that anonymous disclosure of its price during the Reverse Auction shall not be for the purpose of restricting competition.

6. Basis for Award:

At the conclusion of the Reverse Auction, the government intends to make an award to the contractor who submits the lowest total price, and is deemed acceptable and responsible by the Contracting Officer. The bidders must bid on the quantity identified above in paragraph 3 for line items 0001AA, 0002AA, 0003AA, 0004AA, 0005AA, 0006AA, 0007AA, 0007AB, and 0007AC. The Contracting Officer reverses the right to make no award under this procedure.

I hereby agree to the above:

SECTION M - EVALUATION FACTORS FOR AWARD

<u>Regulatory Cite</u>	<u>Title</u>	<u>Date</u>
------------------------	--------------	-------------

M-1 52.7150 EVALUATION--FIRST ARTICLE (CONTRACTOR TESTING) SEP/1997

(a) Any offer submitted under this solicitation will be evaluated on the basis of including the First Article requirement CLIN/SLIN(s) set forth under Section B, except for those eligible offerors for whom the government elects to waive the First Article requirements.

(b) If the government waives the requirement for First Article Unit(s), test plan(s), testing and test report(s) for eligible offerors, the prices set forth in the SLIN(s) under the First Article CLIN will not be included in the evaluation of their offer, and will not be included in the total contract price of any resultant contract. In addition, all provisions relating to First Article will be deleted from the resulting contract.

(c) Earlier delivery, if required in case of waiver of First Article requirements, shall not be a factor in evaluation for award.

M-2 52.7300 TREATMENT OF DUTIES IN THE EVALUATION OF BIDS/OFFERS APR/1992

a. Duty will be excluded from the evaluation of a foreign source bid/offer if the foreign source is an FMS/Offset Arrangement country, DFARS 225.7307 or a NATO cooperative project participant, DFARS 225.871.

1. An 'FMS/Offset country' is a foreign country which has an offset arrangement negotiated in conjunction with a Foreign Military Sale and which arrangement provides for obtaining a waiver of the Buy American Act restrictions on a case-by-case basis.

2. Cooperative project authority allows departments or agencies, that have authority to do so, to enter into a cooperative project agreement with NATO or with one or more member countries of that organization under DoDD 5530.3, International Agreements.

b. However, in the case of designated country end products under DFARS 225.4 (unless the designated country is also a NATO cooperative project participant or an FMS/Offset Arrangement country), it can be concluded the duty is to be included in the price for evaluation, since there is no specific coverage of duty. Designated countries are the countries designated in the Trade Agreement Act of 1979. The list of designated countries appears at FAR 25.003.
